# Catering

---

- It is our desire to have a positive impact on your quality of life by providing hearty, wholesome food. We use local produce, oils and grains whenever possible.
  - Our favorite cooking style is working with common ingredients (fresh, season, local) and relying on the quality and cooking style to enhance the natural flavors of the foods we use.
  - We believe the skill of the cook is in how little the food is manipulated and by using the simplest recipes. Restraint shows more skill than relying on rich, enhanced ingredients.
  - We have several gluten free options available.
  - Our sourdough bread is baked fresh daily using 120 year old starter and no preservatives.
