## Our Food Philosophy:

- It is our desire to have a positive impact on your quality of life by providing hearty, wholesome food. We use, whenever possible, local sources.
  - Our favorite cooking style is working with common ingredients (fresh, seasonal, local) & relying on the quality & cooking style to enhance the natural flavors of the foods we use.
  - We believe the skill of the cook is in how little the food is manipulated & by using the simplest recipes. Restraint shows more skill than relying on rich, enhanced ingredients.
- *All prices are based on a 75 person minimum*
  - *Subject to 6% sales tax & 20% gratuity*
  - *Final counts are required 14 business days prior to event date*
  - *\*\* Prices are subject to change based on market pricing\*\**
