

SNACK COUNTER GUIDELINES

Wipe down bar top/counter frequently.

Wearing a mask is REQUIRED.

Wash hands frequently.

Use Hand Sanitizer after each transaction.

Customers in line must wait six feet apart. Carpet is marked with X's.

The only straws we can use are wrapped in paper. No stir sticks. When serving a mixed drink give the customer a wrapped straw. When serving a glass of water or soda do not give the customer a straw unless they ask for one.

When a customer asks for a refill on a soda we will use a new glass.

When a customer is getting another mixed drink or beer we will use a new glass.

We will start out using our limited carry out menu. These are printed on paper and will be thrown out after each use.

When we return to our full menu we will be sanitizing each menu after each use. We will have a bin to throw the menus into. As time permits we will spray and wipe them down before reusing them.

We will not be using the caddy for the condiments. Condiments will be individual packets (ketchup, mustard, salt, pepper, mayo etc). Silverware will be plastic individually wrapped packages.

Maximum number of six people at all tables thru out the Center. NO EXCEPTIONS.
