Kathy's Sweet Potato Biscuits

Kathy's Kreations sweet potato biscuits start very simply. Sweet potatoes harvested from farms around Weeksville, North Carolina as well as from the Parks' family garden are brought to the kitchen of Kathy's Kreations where they are washed by hand and baked in our ovens. While still warm the potatoes are peeled then mixed with cinnamon, sugar and other fresh ingredients into a delicious dough. Hand rolled and cut, these biscuits are loaded back into the Kathy's ovens baking to perfection, then brushed with real melted butter. Some of these moist, delicious treats are spread with brown sugar butter and piled with genuine Virginia country ham before ending up on your table. (If they make it that far!)

"Krack" Cups

In order to make our cakes perfect, the tops sometimes need to be trimmed off. Kathy would put these cake tops into bags & give them to her friends. They became so popular & addicting , her friends started calling them cake "krack." Kathy combined it with her homemade whipped cream & other toppings & the "Krack Cup" was born. 2.95
