## The Legend of Fred

In the not too distant past, along the bank of a Louisiana bayou, lived a frog who liked to call himself Fred. In his early years, Fred's days went much the same way: enjoying the outdoors, evening socials, and feasting on pesky insects that just so happened to taste absolutely delicious. *[He IS a frog, ya know!]*

As he aged, Fred began to ponder the meaning of his life and the very purpose of his existence. Fred soon found himself unhappy and discontent with the life he seemed destined to lead. Finally, Fred decided to break from 'froggy' tradition and travel the world looking for a life of meaning and purpose.

He knew his quest was not an easy one— his quest would be long and treacherous. Fred's adventure took him the world over; he toured all the great continents *[and even a few of the not-so-great]* and met people *[and frogs]* of every size, shape, and color. Despite his efforts and energies spent, Fred could find no one who could answer his most pressing of questions: "What does it mean to have a life of purpose?"

After seven long years of his adventures, Fred seemed no further along than when he started. When suddenly, Fred had the realization he had spent so long searching for. People the world over, regardless of race, culture, class, or wealth, had one thing in common: **The pure and utter pleasure brought by great food & friends.**

Wanting to do more than just spread his insights, Fred also wanted to provide both a means through which others could experience the pleasures and a name by which to call those who shared his outlook. Since his life served as the example by which he now lived, he could find no better name than FrogHead *[distant cousin to Parrotheads]* and no better place for friends and family to come together for **GREAT FOOD & FUN** than, "**The FrogHead Grill!**" No membership fees would be paid, nor any debt would be owed as its doors would be open to all who want to answer "Yes!" when asked:

## "Feeling Froggy?"

Thank you for coming. Please enjoy your stay!
