

Diamond Lake Slide Hill Rules

1. One person per tube. You may have multiple tubes per lane as long as all tubes leave the top at the same time holding onto each other. Once you leave the top and are all moving you may let go of each other.
2. You must wait until the person ahead of you is completely clear of your lane before starting.
3. Please proceed quickly out of your lane after coming to a stop so the next tube may proceed.
4. Always walk to the end of your lane. Do not cross berms. This will prevent you from being struck from tubes in other lanes that maybe traveling farther than you did.
5. You may only use our tubes on the slide. No other discs, plastic sleds, toboggans, etc..
6. Our tubes must be kept on the slide hill. They can not be used in any surrounding areas.
7. For your safety, no persons with injuries(such as a cast), expecting mothers, or children under the age of three will be allowed to slide.
8. Minors must be supervised at all times.
9. Alcohol or any other intoxicant are prohibited on the slide hill. Anyone under the influence will be asked to leave immediately. No refund.
10. Wax or any other lubricants are not allowed to be used.
11. All the above rules must be followed. You will get one warning! Second violation you will be asked to leave with no refund.
12. We reserve the right to refuse service to anyone at anytime.

Thank you for helping keep our sliding adventure safe.
