Cake Pickup Form

Important instructions for preparing your car and delivering your cake

*The best way to transport a custom cake is either in the back of van or SUV or in the trunk of a car whose back seats fold down so the air can flow through. If none of those options are available, it is possible to transport a smaller sized cake in the foot well of a car, however this is a last resort due to the potential for sun exposure.

*On warm days, it is imperative that your vehicle have a working cooling unit (air conditioning). Please run it before your pickup until the car's interior is cool.

*Please adhere to the agreed-upon pickup time.

* Upon arrival at the event venue, be sure to set up the cake in a cool display area away from sunlight

Cake Pickup Disclaimer:

I acknowledge that once I've picked up my cake, The Bagel Station, cannot be held liable for any damage that occurs during transport, set-up, or display. Once I have the cake, it is my responsibility to transport it directly to the event venue and not leave it unattended in my vehicle or anywhere outside.
