Garden Club News

The activity planned for the April meeting of the Houndslake Garden Club will be one that I do so hope you will be going on with us. It is one of the most interesting places for unique plant viewing in the area. We will be going to the home of Fred and Carolyn

Wieland. Many years ago they lived in Japan. While there Fred learned how to grow Bonsai trees. It began a life long study of Bonsai and not just the growing but the history of the trees and the culture of growing them. He has a wonderful area of his property devoted to the care of the trees he grows and just listening to Fred talk of his hobby will capture your interest as few things ever do. You can tell I have a special interest in Bonsai – years ago my husband took an interest in Bonsai and took some classes from Fred. That began a part of our shared devotion to growing and displaying Bonsai in our own yard. We never got to Fred's level of expertise but I know you will enjoy this opportunity very much.

This is our last program for the year. Next month we will be ending our meetings for the year with our luncheon.

For information on the Houndslake Garden Club call me, Jane Rordam 648-5137.
