We are truly grateful to local businesses that offer generous donations of their goods and services, or sponsorship for this event. All proceeds from our fundraisers **go straight back to the community.**

JWL Programs Include:

- **The Lift Fund** - The core of the JWL, this monetary fund is available to town residents who experience an urgent need for a one-time grant. It is application-only and ensures that town residents have access to immediate support by providing a crucial boost to approved applicants by granting them immediate financial and/or material aid on a one-time basis. Its intent is to nip financial ruin in the bud.
- **Charitable Children Fund** - An extension of the Lift Fund, this fund is for children, by children. Money is raised from local grassroots events and goes to directly support financial needs of children in the community by providing necessary and immediate small-scale resources to a child or teen in time of need.
- **Camp for Kids** - The JWL aims to send as many children to local camps as possible every year. Through fundraising events and donations, we enable local children to have carefree, wholesome summer experiences in safe and educational environments.
- **Backpacks for Success** - This JWL program helps get underprivileged children off on the right foot for the new school year by providing up 180 brand new, stuffed backpacks to local children. Working with the Town of Huntington, we coordinate with town officials and other aid organizations to support as many children as possible every year.
- **Holiday Charities** - The JWL members leverage their extensive network of friends and associates to put together holiday presents for local children every year. Gifts include toys, clothing and essential items for entire families. Last year the JWL was the source gifts and care packages for over 500 local children.
- **Healthcare & Youth in Philanthropy Awards** - The JWL awards two financial awards to the most deserving applicant each year. The Healthcare Scholarship goes to a town of Huntington resident enrolled in a college or graduate program in the healthcare field and the Youth in Philanthropy award goes to a high senior with demonstrated contributions in philanthropy.
