Additional Information

I just wanted to say that your restaurant is "out-of-this-world"!! I eat dinner at the Goldsboro restaurant 9/30/2013 and the food was perfect. Our server was Ms. Marilyn Broughton and she could not have been any kinder or friendly. Thank you for having such people like her working there. My dinner guest has just had shoulder surgery and Ms. Broughton offered to prepare her dinner plate for her which is something I've never heard of and that alone speaks volumes of the type of establishment you have. I will certainly be back and will spread the word on your restaurant in my travels. Also, the restaurant was clean and even the people maintaining the buffet were very kind and helpful. Thank you for giving me a great night out and I will see you again! Thanks again, I am Stephen Stancil, Kenly, N.C.
