Dear Mr. Westbrook,

I am writing to inform you of the wonderful performance of your staff at our recent Annual Legislative Conference BBQ at the Capitol Visitor's Center in Washington, D.C. The entire event was seamless – from their early arrival and setup at the CVC to the constant attention to detail throughout serving to clean-up. I received such positive feedback and comments from our guests, many of whom thought (myself included) that this was the best the event has been in years.

I had the great pleasure of working with Kelly Doss in the months leading up to the event. Not only did she give great attention to detail, she was very thorough and prompt in her communications (something that I appreciate immensely). Also, I wanted to commend Jimmy for his great attitude and willingness to work hard to make our event a success. In addition to Kelly and Jimmy, I would like to thank the additional staff members who helped to give us such a smooth event.

I have enclosed a gratuity check to be distributed among all of the staff members who traveled to our event. They deserve great kudos for their hard work. I look forward to working with everyone again very soon!

Sincerely
