Subject: A Customer has requested more information

A customer has just submitted the Contact Us form on your website

Regarding: <http://www.mccallsbbq.com/orderze/Calendar.aspx?cid=1>

Comments:

I had the opportunity to eat food from your restaurant at an event that was held on October 20th. Everything was delicious....everything. I would like to commend the workers for setting up a very eye appealing line. They were friendly and very professional. The food looked good on the line and it tasted "good." The people at the event enjoyed the food and their comments about it were positive. I have never eaten at your restaurant, but I plan to visit soon. I will also recommend your business to others.
