Bar options

Open Bar • All drinks go on one tab.

Cash Bar • All customers are responsible for their own
drinks (all tabs will be started with a credit card)

Drink Tickets • Drink Tickets are a way of limiting how
many drinks go on the main party tab. We will provide
tickets for the event coordinator who can distribute them
to guests. Drink tickets do not have a predetermined
value to them, they only represent one drink.

Limited Open Bar • You can choose what items you
would like to make available to your guests in order to
help defray bar costs.

Soft drinks are not included in any food package.

All payments must be made by cash or credit card. No
